cGas SC™

CO 35.0 PPM
NO2 0.0 PPM

1 2 3 FAULT

SELF CONTAINED GAS DETECTOR

Critical Environment Technologies™

WWW.CETCI.COM

3 CHANNEL SELF–CONTAINED CONTROLLER

Key Features & Functionality:

- Up to 3 gas sensors (internal and/or remote)
- 50+ target gases to choose from
- Field configurable Modbus® or BACnet® digital output
- Plug & Play Smart Sensor Technology
- 24 VDC or VAC (optional Line Voltage)
- Enhanced logic control with 8 priorities/zoning
- 2 internal relays
- 1 horn and 1 strobe output
- LCD display and LED indicators
- Intuitive menu system with password protection
- USB port for firmware/configuration updates in the field

Choose the options you need...

Option -DV	Line Voltage Power
Option -2AO	2 analog outputs
Option -RHT	RH/Temp sensor
Option -L2	Side mounted strobe
Option -LT	Low temperature pkg
Option -S	Splash Guard
Option -A	Extra loud external buzzer
Option -WA	Watertight external buzzer

OFFERS SUPERIOR USER CUSTOMIZATION & RELIABLE GAS DETECTION PERFORMANCE
